DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on December 2, 2005 has been entered. No claims have been amended. Claims 1, 3, and 5-52 have been canceled. Claims 69 and 70 have been added. Claims 2, 4, and 53-70 are still pending in this application, with claims 2, 4, 53, 54, 56-58 being independent.

Election/Restrictions

2. Claim 2 is generic to a plurality of disclosed patentably distinct species comprising a transmitting apparatus that transmits a storage identifier that identifies one of a plurality of storage media and data. Follows are groups of claims to be directed to separate species:

- I) Claims 4, 66-68, 56 and 59
- II) Claims 4, 65, 56, 69, 60 and 61
- III) Claims 53, 57 and 70
- IV) Claims 54, 55 and 58
- V) Claims 62-64

Since each group of claims requires a different search, it would be a serious burden on the Examiner to examine all of the claims. Therefore, the restriction is proper.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Art Unit: 2642

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
